WHO WE ARE

LEADING EVENT MANAGEMENT COMPANY IN INDIA

Taking that idea from concept to reality requires a unique combination: creativity, a desire for excellence & immaculate organizational skills.

The success of Shubhkamanaye is a result of the team working tirelessly to ensure that every component of the event unravels exactly as planned. A factor that unites each member of the team is a 'passion for experience' - a steadfast commitment to ensuring that every event is an experience, a memory that will stay in the mind of those present long after they have left the venue.

Shubhkamanaye is listed on top event management companies in India. Shubhkamanaye was founded in 2017; the founding team noticed that there was a clear gap in the industry for a professional and reliable innovation-driven event management company.

5. Navigation bar should have a brighter colour...
5. Navigation bar should have a brighter background than the images...
6. The what we do should have a solid colour... Wedding background does not give formal effect
